

## FOR YOUR LITTLE ADVENTURER

*This pack is more than just a safe place to transport your most precious cargo. It's got the best view to learn about the trees, the birds and the sky and it's the first step in a lifetime of adventures together.*

---

**20KG IS THE MAXIMUM RECOMMENDED LOAD FOR THIS CHILD CARRIER.  
NEVER LEAVE YOUR CHILD UNATTENDED IN THIS CHILD CARRIER.  
ALWAYS USE THE CHILD SAFETY HARNESS.**

Ensure all buckles are correctly fastened.  
This carrier has an adjustable seat height.  
The correct seat height will ensure your child's head is supported from behind.

### **Obsolescence**

Macpac products are designed to be highly durable, and to live a long, adventure filled life. However, the materials and components used in this child carrier will deteriorate over time as a natural result of regular use.

To avoid a product malfunction, we advise users to check the condition of all parts before each use. We also advise users to carry out a detailed check of all materials and components after 5 years from the original use date.

### **Free Assessment**

As the owner of this Macpac child carrier, you are entitled to free quality assessments. To arrange an assessment, visit your local Macpac store or contact the Macpac Customer Service Team. If you have acquired this Macpac child carrier second hand, we strongly advise that you take advantage of a free quality assessment before putting it to use.

### **Cleaning Instructions**

1. Clean your Macpac child carrier with a non-detergent soap, a soft bristled brush and cold water.
2. Remove the head pad that sits in front of the child by undoing the press studs, hook, and loop fastener.

3. Remove the shoulder pads by unclipping the left and right shoulder pad adjustment buckles. Unthread the webbing tail from the buckle in the centre back of the child's seat.
4. Place the removable components from the cockpit and harness in a washing machine and set on a cold, gentle machine wash.
5. Once clean, rinse the pack well and dry it in a ventilated area away from direct sunlight.

### **Re-Assembly**

After you have re-assembled your Macpac child carrier, take it to a Macpac store or seek advice from the Macpac Customer Service Team to ensure that the child carrier has been put together correctly. Remember, an assessment on your child carrier is free and our team members are always happy to help.

### **Storage Instructions**

To help extend the life of your Macpac child carrier, store it in a dry, clean area away from direct sunlight, dust or anything that could cause mould.
